Job Description

Roles and Responsibilities

- Create clean and scalable code using Angular and .NET programming languages.
- Stay updated with the latest concepts and best practices for developing mobile apps.
- Design high-quality technical interfaces, specifications, and architecture.
- Work in close liaison with the team of developers.

Skills and Qualifications

The ideal candidate must have 4+ years of work experience and a bachelor's/master's degree in Computer Science, Engineering, Computer Applications, or other relevant fields. We are looking for professionals with the following attributes:

- Hands-on Experience and Knowledge of Angular Development
- Familiarity with the ASP.NET framework, SQL Server, and design patterns like MVC.
- Competitive experience of using C# .NET.
- Familiarity with C#, CSS3, and HTML5.
- Familiarity with various architectural styles and APIs.
- Knowledge of SDLC and Agile methodologies.
- Top-notch troubleshooting skills.

Education & Experience

Must Have

If you're someone with an avid interest in working amongst passion-driven people amidst a healthy and growth-induced work environment, P5Infosoft Pvt. Ltd. is the right place for you. We are looking for an **Angular Developer** with ideal qualifications and skillset. Ultimately, you'll build highly responsive software and web applications that align with our business needs, largely involving **retail point-of-sale systems and software**.
